There's a little caterpillar
Sitting on your toes
Now he's on your belly button
Now he's on your nose
He feels like a pussy cat
But he cannot meow
If you ask him nicely
He will wriggle o-off now

There's a little caterpillar
Sitting on your toes
Now he's on your belly button There's a little caterpillar
Now he's on your nose Sitting on your toes
He feels like a pussy cat Now he's on your belly button
But he cannot meow Now he's on your nose
If you ask him nicely He feels like a pussy cat
He will wriggle o-off now But he cannot meow
There's a little caterpillar If you ask him nicely
Sitting on your toes He will wriggle o-off now
Now he's on your belly button There's a little caterpillar
Now he's on your nose Sitting on your toes
He feels like a pussy cat Now he's on your belly button
But he cannot meow Now he's on your nose
If you ask him nicely He feels like a pussy cat
He will wriggle o-off now But he cannot meow
There's a little caterpillar If you ask him nicely
Sitting on your toes He will wriggle o-off now
Now he's on your belly button There's a little caterpillar
Now he's on your nose Sitting on your toes
He feels like a pussy cat Now he's on
