In the daytime sunshine  
In the night time moonlight  
In the morning blue skies  
In the evening starlight  
And everyday is followed by every night  
Stay awake and then snuggle up tight  
Sweet dreams and teddy bears tonight...  
Sweet dreams and teddy bears tonight

Ride a bike in the daytime  
Play your guitar at night time  
Go for a walk in the morning  
Sit 'round the fire in the evening  
Daytime's the time when you can play  
Night time's the time when grown ups say  
Sweet dreams and teddy bears tonight...  
Sweet dreams and teddy bears tonight

Pussy cats go a prowlin'  
By the silvery moon  
Spooky sounds by my window  
On a wintry night in Ju-u-une  
Stay away from my window  
I'm too scared to even peep  
Pussy's nice in the daytime  
But leave me be now, I need my sleep

But Mr Sun will always  
Light up your morning  
It's a daily miracle  
The sunrise at dawnin'  
And everyday is followed by every night  
Stay awake and then snuggle up tight  
Sweet dreams and teddy bears tonight...  
Sweet dreams and teddy bears tonight...
