(Halfway around the world)

(Halfway around the world)

Baby I will soon be leaving
And I know that you are feeling down (that you are
feeling down)
But every week I'll send a letter
To let you know my love will never change (my love will
never change)
I promise you I always feel the same

So remember in your heart
Baby when we are apart
There is no need for crying
Cause even if I am

Halfway around the world
That won't stop me from loving you
Halfway around the world
I'll still be feeling the way I do and now
I wanna hold you baby
Cause I'm gonna miss you like crazy
Even if I'm halfway around the world

Baby when the miles are growing
You and I will still be going strong (still be going
strong)
No matter what your friends are saying
Don't give up on what you're waiting for (what you're
waiting for)
Cause one day I'll be knocking on your door

So remember in your heart
Baby when we are apart
There is no need for crying
Cause even if I am

Halfway around the world
That won't stop me from loving you
Halfway around the world
I'll still be feeling the way I do and now

I wanna hold you baby
Cause I'm gonna miss you like crazy
Even if I'm halfway around the world

If I could
You know that I would
Find a way to stay for good
But I must go now
I wanna hold you baby
Cause I'm gonna miss you like crazy
Even if I'm

Halfway around the world
That won't stop me from loving you (that won't stop me)
Halfway around the world
I'll still be feeling the way I do and now
I wanna hold you baby
Cause I'm gonna miss you like crazy
Even if I'm halfway around the world

Ooh yeah

Halfway around the world
That won't stop me from loving you (that won't stop me)
Halfway around the world
I'll still be feeling the way I do and now
I wanna hold you baby
Cause I'm gonna miss you like crazy
Even if I'm halfway around the world
