There's a reason, for this situation.
It's amazing, a shocking revelation.
Love is crazy, it's got me upside down. Got me upside
down.

Well life hits you, and love gets you, you just gotta go
with the flow.

Everything is almost perfect here.
The reason is coming crystal clear.
I think I really dig this atmosphere,
It's almost perfect here.
It's almost perfect here.

If you give in, don't let it freak you out.
Cause your the one thing, I've got this thing about.
It's this emotion, thats got me inside-out. Got me
inside-out.

Well life hits you, and love gets you, you just gotta go
with the flow.

Everything is almost perfect here.
The reason is coming crystal clear.
I think I really dig this atmosphere,
It's almost perfect here.
It's almost perfect here.

[[Everything is alomst perfect here.
