I can not refine what I'm trying to say
I may be way out of line but it doesn't matter anyway
'Cause I'm so sick and tired of being everything you
need
I'm everything you wanted me to be but no identity and
I can barely breathe.

You can not possess what should be given to you for
free.
I guess I still must confess for a while you had the very
best part of me.
But too much of a good thing is being everything you
need.
I'm everything you wanted me to be but no identity and
I can barely breathe.

[First Chorus:]
Too much water and you're going to drown
Too much sunshine withers up the ground
Too much heaven puts you through so much hell
Too much love
What can I say about too much love?
Too much love
Oh well, I hope you never find out what that can do to
you.
Do to you.
I hope you never find out.
Never...

Oh now, I'm everything you need.
Everything you wanted me to be but there's no mystery
and I can barely breathe.

[Second Chorus:]
Too much water and you're going to drown
Too much sunshine withers up the ground
Too much heaven puts you through so much hell
Too much love
What can I say about too much love?
Too much love
What can I say about too much love?

Too much, too much love
Oh well, I hope you never find out what that can do to
you.
Do to you.
I hope you never find out.
