Jump in you might get wet  
Get caught at least you place your bet  
Fly hard while you're getting by  
Let heaven open up your arms  
Reach for the sky

Bring on the day  
Go ahead cause you can't sleep any way  
Bring on the day  
Don't have to wait for tomorrow  
Bring on the day  
Go ahead, bring it on  
'Til the sun comes shining through

So relax you're gonna take the show  
So kick back let all your blessings flow  
Not everybody's gonna sympathize  
Now you've gotta take your shot  
Open your eyes

Bring on the day  
Go ahead cause you can't sleep any way  
Bring on the day  
Don't have to wait for tomorrow  
Bring on the day  
Go ahead, bring it on  
'Til the sun comes shining through

Tripping into morning  
Stumble out of bed  
Guess you could be soaring  
On your cloud instead

Bring on the day  
Go ahead cause you can't sleep any way  
Bring on the day  
Don't have to wait for tomorrow  
Bring on the day  
Go ahead, bring it on  
'Til the sun comes shining through
