Certainly beautiful  
Your jealousy  
It's in me I'm not kidding

Certainly evil so evil  
Jealousy  
Meet your match in me

Cut the red wire  
Or cut the blue wire  
And see if she blows

Cut the red wire  
Or cut the blue wire  
And see if she blows

This won't end soon enough  
This won't end soon enough

Certainly I should be waiting patiently  
But it's not in my nature

Certainly evil so evil  
Backstabbing it's infectious

Cut the red wire  
Or cut the blue wire  
And see if she blows

Cut the red wire  
Or cut the blue wire  
And see if she blows

This won't end soon enough  
This won't end soon enough
