Let's pretend to be part of a scene
They can show you what f*cked really is
We're intense we put on a show
Behind your back they're calling you names

My friends think I'm stupid for liking you
But I like you
I like you

My friends think I'm stupid for liking you
But I like you
I like you

I'm running off but there's no sunset
You won't go blind if you watch my back
I'm running off but there's no sunset
You're going blind look at me go

Let's pretend to be part of a scene
They can show you what f*cked really is
We're intense we put on a show
Behind your back they're calling you names

My friends think I'm stupid for liking you
But I like you
I like you

I'm running off but there's no sunset
You won't go blind if you watch my back
I'm running off but there's no sunset
You're going blind look at me go
