"Two Halves"

Visit "[Two Halves](#)" on MotoLyrics.com

Your heart will break into two hearts
And then into quarters
The music is underwater
With no reason to hear it

You're just a friend
Down to the last cent
And you say weird things
So I'm, I'm not listening, I'm not listening

Get in the car
Promise not to disappear
I'm just off to get
Some cigarettes

You're just a friend
Down to your last cent
And you say weird things
So I'm, I'm not listening, I'm not listening

Get in the car
Promise not to disappear
I'm just off to get
Some cigarettes
