I'm searching the world for, a special girl
If she's right for me, she'll die for me, she'll be right
there
Oh, I've been looking so long, but I know she'll come
along
I'll find her and I'll wife her, make her my own
When I go, all around the world, so far away
Will our love stay the same?
When she knows that everybody else is coming on
But I wanna know

Can you hold me, down, down,
When I'm not around, around?
If I'm looking for forever, come and give me love
Can you hold me, down, down,
When I can't be found, found?
I just wanna know, I just gotta know
Can you hold me down?

A darn piece, she might be, seen happy for
She sexy, and she sex me, but I need much more
She know I'm gonna do wrong
But I'm never bring it back home
Accepts me, respects me, her love is strong

When I go, all around the world, so far away
Will our love stay the same?
When she knows that everybody else is coming on
But I wanna know

Can you hold me, down, down,
When I'm not around, around?
If I'm looking for forever, come and give me love
Can you hold me, down, down,
When I can't be found, found?
I just wanna know, I just gotta know
Can you hold me down?

Won't waste my time dealing with
Farewell friends... I need a winner
Won't waste my time dealing with

I just wanna know, I just gotta know

Can you hold me, down, down,

When I'm not around, around?

If I'm looking for forever, come and give me love

Can you hold me, down, down,

When I can't be found, found?

I just wanna know, I just gotta know

Can you hold me down? X 2
