Who says it's impossible?
Maybe it's just hard to get.
But if I were the last man on earth
I would not relent.

Ooh, and maybe I know better
But I'll fight fire with fire.
You, you must believe
We can have our hearts' desire.

CHORUS: Stranger things have happened.
Stranger things than you can imagine.
Stranger things have happened.
Stranger things than love.

The crime of the century
Has just been solved tonight.
Here in the shelter of my arms
I will make it right.

Ooh, the Long March is beginning
And the river shows the Way.
I, I must be crazy
To believe in what remains.

Repeat CHORUS
