There's a story going round,
Some folks have not heard it yet.
You get what you pay for,
And you pay for what you get.

This is what I'm hearing
As I hang out on the set
You get what you pay for,
And you pay for what you get.

CHORUS: Whooa, children,
Please (please please) don't forget:
You get what you pay for,
And you pay for what you get.

Now here comes cosmic Oil Can Harry.
He's gonna collect on your karmic debt.
'Cause you get what you pay for,
And you pay for what you get.

CHORUS

Now you're hanging from the trapeze of life
by one finger,
And you're slipping and you're praying for a net.
Well, you get what you pay for,
And you pay, pay, pay for what you get.

CHORUS
