Don't go looking for him lady  
Don't go lookinng for him now  
He'll be sailing 'cross the ocean  
By the time you turn around  
All he carries is his pride,  
He has nothing to his name  
What he's leaving you behind,  
Is the burdon ofthe blame  
Don't go looking for him lady  
He's far gone now  
Don't go looking for him lady  
Don't go looking for him now  
He's somewhere across the border  
In some lonely, little town  
A tatoo on his arm  
Is all that will remain  
Of a lady with no heart  
Playing stupid little games  
Don't go looking for him lady  
He's far gone now  
And now you're gazing at the moon  
Humming melancholic lines  
Burning candles in your room  
As if to see the light  
Don't go looking for him lady  
Don't go looking for him now  
He'll be over the horizon  
By the time you come around  
You can stare out at the sky,  
Building castles in the air  
He won't be coming back this time,  
There'll be no answer to your prayers  
Don't go looking for him lady  
He's far gone now  
And now you're gazing at the moon  
Humming melancholic lines  
Burning candles in your room  
As if to see the light  
Don't go looking for him lady  
Don't go looking for him now  
There's no need to be sorry for yourself,

It don't matter anyhow  
Don't go looking for him lady  
He's far gone now  
Don't go looking for him kady  
He's far gone now
