Step back behind the yellow line
Exalt your new god here
When you catch this
If you catch this
I'll be waiting on the other side
You never really know who you are
Until you've touched the bottom of that
Iridescent glow
Trade your wings for fire
We're still young

You're so bold to pretend just make sure you're scars
are parallel
If you're to be convincing like you hoped..

We'll speak in tongues that no one knows
To work the crowd with care
While in the next room... in the next room I've got a
closet full of life's old bones
Now you're graveyard's spreading thin It's got you buy
the wrist
You'd do all of this just to keep me happy

You're so bold to pretend just make sure you're scars
are parallel
If you're to be convincing like you hoped
I'm so slow to amend well nothing says
I love you
Like that razor blade pressed between your lips

Now I got you where I want you..
Now I got you where I want you..You
Now I got you where I want you
Now I got you where I want you

Now I got you..
Now I got you where I want you

You're so bold to pretend just make sure you're scars
are parallel
If you're to be convincing like you hoped

I'm so slow to amend well nothing says
I love you
Like that razor blade pressed between your lips
