boy, you know I heard you talkin' in your sleep  
if I only knew you better  
I'd chase away the demons from your dreams  
make them disappear forever

I wanna get to you  
I'm gonna find a way  
I wanna get to you  
'cos I care for you  
I care for you  
I wanna get to you  
every night I pray  
I wanna get to you  
'cos I care for you  
I really do

in your arms when you're lying next to me  
there's so much we can discover  
if you put your trust in me you'll see  
I will love you like no other

I wanna get to you  
I'm gonna find a way  
I wanna get to you  
'cos I care for you  
I care for you  
I wanna get to you  
every night I pray  
I wanna get to you  
'cos I care for you  
I really do

ain't nobody gonna take me away from you  
ain't nobody gonna take me away  
ain't nobody gonna take me away

I can feel the pain in you goes deep  
don't pretend it doesn't matter  
I'm not afraid to face reality  
let us walk that road together

I wanna get to you  
I'm gonna find a way  
I wanna get to you  
'cos I care for you  
I care for you  
I wanna get to you  
every night I pray  
I wanna get to you  
'cos I care for you  
I really do

ain't nobody gonna take me away from you  
ain't nobody gonna take me away  
ain't nobody gonna take me away
