She make me tired.  
She make me tired.  
She make me tired.  
But I got a ways 'fore I sleep.

That old woman got me weary.  
She got me crying all the time.  
But till she say that she won't be back tomorrow  
I thank the Lord that the woman, she is mine.  
I thank the Lord that the woman, she is mine

She make me tired.  
She make me tired.  
She make me tired.  
I got a ways 'fore I sleep.

She'd lead thirsty man to water  
Then leave him drowning in the sea  
But even though she makes me feel so bad  
She is a woman and she's the only one for me.

But she make me tired  
She make me tired  
She make me tired  
But she won't let me sleep

There are times when I said 'It's all over'  
'That's it baby I'm goin' away'  
But then she look at me with those tears in her eyes  
And she give me sweet kisses and I know I'm gonna stay  
And it's for those sweet kisses that I know I've never gonna leave

She make me tired  
She make me tired  
She make me tired

But I can't sleep

She make me tired

She make me tired  
She make me tired  
But I got a long way  
Got a long long long long way  
Before I can sleep
