If you lay me down in this mess will I remember your
name
When you come back calling for me like you said you
would?
Do I trust your breath will sustain you in all your long
hours?
Do I love your weakness enough to see it as my
strength?

Do you come back to me
Do you come back to me
Do you come back to me
When everyone else has failed you?

I am no more flattered by your wandering eyes
Than I am by your softly broken lies
Oh, the air is thick with betrayal
We search for devotion and wind up settling for
emotion

Do you come back to me
Do you come back to me
Do you come back to me
When everyone else has failed you
Has failed you
Has failed you?

You don't make me want to dance with you
You make me wanna
You make me wanna
Make me wanna run and find something true
You make me wanna
You make me wanna
You make me wanna
Wanna find something true
Something true
Someone like you
Something

Do you come back to me
Do you come back to me
Do you come back to me?

And you come back
And you come back
Do you come back to me
Do you come back to me
Do you come back to me?
And you come back
And you come back
And you come back
