Cheerleaders keep everybody hype with pom poms.
They're pretty much tight. Now drill team, you know
they've got the moves that make you jealous. There
comes a point in everyone's life when you'll have to
make the hardest choice you'll ever make. Two
applications, one for cheerleading one for drillteam.
Which one are you gonna take? Cheerleaders always
seem to get the football players and their chants are
pretty sweet. But the drillteam, they seem just as
popular and they sure know how to move their feet.

they've got the moves that make you jealous.

They're pretty much tight. Now drill team, you know
they've got the moves that make you jealous. Okay.
Split it down the middle. Cheerleaders on the left.
Drillteam on the right. Prepare for battle. Show me what
you've got. Find out who's better. We'll settle this
tonight. M.O.V.E. Move out of our way or you'll have a
bad day. We are the one and only drillteam. The only
thing we'll move is our butts to the beat. S.T.E.P Step
aside little girls our we'll ruin your world. You are all a
big joke. Just give up now because there is no hope.
