[Chorus]

Drink down, honey, its your last glass of whatever
you're having but maybe its not so bad
You're so fine and so high class
The lipstick marks on the rims of empty bottles
Won't last

[Verse]

You're a binge drink// to a blackout in nothing flat//
You're the girl who I want but I can never have
You're addictions my confliction and I hope its just a
fad
You're everything I want but can never haveâ€¦

[Chorus]

Drink down, honey, its your last glass of whatever
you're having but maybe its not so bad
You're so fine and so high class
The lipstick marks on the rims of empty bottles
Won't last

[Verse 2]

you are nineteen, and you're life is on the line
(drink it down, make it shine)
whatever happened to that girl I loved
(whoa)
You're addictions my confliction and I hope its just a
fad
You're everything I want but can never haveâ€¦

[Verse3]

You know that I'd be lying if I wasn't trying
To be just like you

[Verse]

You're a binge drink// to a blackout in nothing flat//
You're the girl who I want but I can never have
You're addictions my confliction and I hope its just a
fad
You're everything I want but can never haveâ€¦

[Chorus]

Drink down, honey, its your last glass of whatever
you're having but maybe its not so bad
You're so fine and so high class
The lipstick marks on the rims of empty bottles
Won't last

[Refrain]: in background(repeated x times)
This is your last glass for the night

You've had enough

To tie you over
