It was a summer day, I never thought I'd say it but I  
Found a way to steal a girls heart  
And all the time, I had so many doubts that I would  
Tri trip and studder to ask a girl out

So I'll climb across the tallest mountains  
And I'll scream until you figure out  
But at the end of the day, it always ends up the same  
So raise your hands in the air, if you want to get your  
freak on

More, more we want more  
Dance, dance on the floor  
Move your hips closer  
Now that's what I'm talking bout!

More, more we want more  
Dance, dance on the floor  
Break it down honey  
And just scream your hearts out!

And on that day I had a lot a lot a lot to say  
I never thought that I would steal your heart  
so I asked would you go to the high school dance  
with yours truly

So I'll climb across the tallest mountains  
And I'll scream until you figure out  
But at the end of the day, it always ends up the same  
So raise your hands in the air, if you want to get your  
freak on
