Tell me that you want me, tell me that you need me  
All the words I said here haven't been so easy  
Cross my heart and hope to die, stick a needle in my  
eye  
I told you what I had in mind every day and every night

I can't get the nerve to, ask you what I want to  
Operator! Can't get through I'm so, I'm so in love with  
you!  
Spin the bottle, twister and a movie made for me and  
you  
I'll hold you close until it's through I'm so, I'm so in love  
with you!

Come on babe, we'll have the best of times  
with your pretty looks and your pretty eyes  
Oh, I know I can't stop falling in love without you
