Do you see my eyes losing interest, wandering about Someone always seems to take your place

## Chorus:

Can lighting strike the same place twice in my heart as it does when you speak I need that fire to burn in me Tell me, will it be

Disguising plans i've made before and learning what I was made for Desire is trampled by my faults but somehow, in the quiet you make sense

## Chorus:

Can lighting strike the same place twice in my heart as it does when you speak I need that fire to burn in me Tell me, will it be

Will you fall on me(x4)
like you did before
Oh, you've watched me in my youth
When I thought you didn't need to
You knew best
