Something that she said has got me  
Dreaming like I'm you  
I'm buzzed up like a neon red light  
Feeling blown out fuse

Now you made me think of something new  
Before it's not too late  
Now you called me back to Realville Town  
Now I'm falling out

Hey hey hey, it's alright

It's alright, we can fly  
Reaching for a better life  
It's alright  
The good will come around

And you spit me out, you made me dream  
You played for keeps again  
Now you know I tired and broken feeling  
That I feel gives me hell

Now it's something that she said has  
Got me dreaming like I'm you  
I'm buzzed up like a neon red light  
Feeling blown out fuse

Hey hey hey, it's alright

It's alright, we can fly  
Reaching for a better life  
It's alright  
The good will come around

And it's alright, we can fly  
Somewhere there's a better life  
It's alright  
The good will come around

And if you believe  
The music will take you home again  
Love if you believe

The music you're home

And it's alright, we can fly  
Reaching for a better life  
It's alright  
The good will come around

Yeah it's alright, we can fly  
Somewhere there's a better life  
It's alright  
The good will come around

Yeah it's alright  
Somewhere there's a better life  
It's alright  
The good will come around
