D-Rock is the money, with or without
Everybody knows I'll slap their motherfuckers in their
mouth
Better pay attention, as I lay this shit higher
Understand this funk, funk the bonfire
Burnin' in the city that I'm coming from the back
With this shit, 'cos you're acting like you drop funk
Call me in 'n out
I know you wanna sound like me
That's because I never imitate the upper MC's

U-u-u-upper MC's
U-u-u-upper MC's
U-u-u-upper MC's

Are you super, super fly
(Yeah, we super, super fly)
And we gonna take you high
('Cos we super, super fly)
Are you super, super fly
(Yeah, we super, super fly)
And we gonna take you high
('Cos we super, super fly)

Super fly guy, if you like it or not
Then you know - there's no pity, 'cos my city is hot
Here's a noble lesson, just before I retire
Takin' up ahead from my lick a barb wire
Rappers take your style, 'cos I'm strolling along
Collecting hit after hit, so I guess I'll drop bombs
I know, you've never heard a rapper like me
That's because I'm superfly and a funky MC

U-u-u-upper MC's
U-u-u-upper MC's
U-u-u-upper MC's

Are you super, super fly
(Yeah, we super, super fly)
And we gonna take you high
('Cos we super, super fly)

Are you super, super fly
(Yeah, we super, super fly)
And we gonna take you high
(‘Cos we super, super fly)

U-u-u-upper MC's
Yeah, we super, super fly
And we gonna take you high

U-u-u-upper MC's
Yeah, we super, super fly
And we gonna take you high
