I can't believe it's Christmas  
I think I'm finally gettin' something  
Can't believe it's Christmas  
My favorite time of year

I can't believe it's Christmas  
Been dreaming of a sugar-plum thing  
Can't believe it's Christmas  
Oh, boy, it's finally here

Ho, ho, away we go  
With rosey cheeks and hearts aglowin'  
Hey, hey, our favorite day  
It makes us want to cheer

Yo, ho, we love the snow  
At least we know we won't be mowing  
Ya, hey, we're glad to say  
That Christmas time is here

We can't believe it's Christmas  
Been waiting for a million hours  
Can't believe it's Christmas  
Oh what a nifty day

We can't believe it's Christmas  
Took 14,018 showers  
Can't believe it's Christmas  
And now it's time to play

We can't believe it's Christmas  
We think we're finally gettin' something  
Can't believe it's Christmas  
Our favorite time of year

We can't believe it's Christmas  
Been dreaming of a sugar-plum thing  
Can't believe it's Christmas  
Oh, boy it's finally, oi, my spinely  
Boy, it's finally here
