Ooh, ooh
You put this love in my heart
You put this love in my heart
You put this love in my heart

Ooh, ooh
You put this love in my heart
You put this love in my heart
You put this love in my heart

I find it hard to believe
Someone like you can do me
You put this love in my heart
You put this love in my heart, yeah

I tried but could not refuse
You gave me no time to choose
You put this love in my heart
You put this love in my heart, oh yeah

I want to know where the bad feelings go
When I'm depressed and I get down so low
And then I see You coming to me
And it's alright

I want to tell you right now
I'm not afraid to say how
You put this love in my heart
You put this love in my heart, yeah

There are sometimes when I doubt
But you always find me out
You put this love in my heart
You put this love in my heart, oh yeah

'Cause when I see all that You've done for me
It's hard to doubt, I just have to believe
'Cause You followed and proved it all of Your life
Yeah

Well, I know
The loneliness I had before

Oh it's gone now, I'll never feel it anymore

'Cause Your love has released me
From all that's in my past
And I know, I can believe You

When You say I'll never be forsaken
Your love is gonna last
All Your love is gonna last

There's so much more I should say
If I could just find a way
You put this love in my heart
You put this love in my heart, yeah

Is all this real or a dream
I feel so good I could scream
You put this love in my heart
You put this love in my heart, ooh, ooh

You put this love in my heart
You put this love in my heart
You put this love in my heart

Ooh, ooh
You put this love in my heart
You put this love in my heart
You put this love in my heart

Ooh, ooh
You put this love in my heart
You put this love in my heart
You put this love in my heart

Wow, what a cool song?
Ya, it make me feel so happy inside
Like, I could sing about God's love for
Well, forever
You mean continually, without end, ya
