Don't walk away

(Verse 1)

I tried to tell you
How I feel
For you
But you still don't understand
What do you want me to do
What do you want me to say
When you turn and walk away
In my mind I scream out your name
But the scene it just replays
I think a million things that I could say
But the outcome the same you
still just walk away

(Chorus)

I cant believe you wanna go
Cant you hear me scream your name
And my pride wont let it show
What your decision has done to me
Hurt cause my baby wont know
How much I want him to stay
you cant make someone love you
My pride has let you walk away

(Verse 2)

How can I prevent this from happening again
I lost my lover, my soul mate, my best friend
In love there's just no means to the end
I don't ever want to love again
In my mind I scream out your name
But the scene it just replays
I think a million things that I could say
scenario stays
You still just walk away

(Chorus)

I cant believe you wanna go
Cant you hear me scream your name
And my pride wont let it show

What your decision has done to me
Cant chu see the hurt on my face
Cant you hear my heart break
But I cant make you love me
My pride has let you walk away

Don't walk away!
