It started with so much love  
Surrounded in your idyllic and picturesque perfect  
home  
Moments so filled with joy, everyday warm with caring  
smiles  
Love and peace and comfort

That first day, at school so scared  
Parents there with arms around your shoulder  
Holding your shaking hand

Life with no flaw  
What could go wrong?

Pain comes, from deep within  
Brought about by course of the human condition  
And destroys, resulting in the dreams end  
And you see the rapid demise of this happy family

Substance to dull the pain, is consumed  
Now oblivious to the loss of all emotion  
Mother came home so late, so fucked up and ragged  
From having sex with another

Whore, cunt, fucked up  
That's what went wrong

Now you need escape, you turn to the crowd  
Get out of your mind to help get you through  
Numbness closes in and you close your eyes  
Take in the poison breathe out thoughts of life

Now you need escape to help get you through  
Numbness closes in breathe out thoughts of life  
Now you see that things went wrong

It started with so much love  
Which was lost when the holes were filled by another  
Watch your mom get fucked in her ass

To keep you all barely alive in this hell  
And you think back to those days when you smiled

She used to think about happiness

Life with no flaw

What could go wrong?
