Hollow I stay in this wall surrounding me
Fall, I'm falling in the hole down on my knees
Blind, for the passing life I wanna see
Fading, everything fades and makes me grin
CHORUS
I gotta live off this thing in my head
I know I wanna survive
Nothing could blame me for I am

Nothing I know in my head
Ahhhhhhhhh?..
Ahh?.yeah?
Spin, in my eyes roll when I'm insane
Vision, dancing comes to life in front of me
Damn!lively satellite dish
Wishing, dreaming, smiling, in a better place
CHORUS
REPEAT
