WHAT IS SOUL

What is soul?

What is soul?

What is soul?

What is soul?

Hey, I've got an answer whenever somebody asks me
what is soul.

Hey, I've got an answer whenever somebody asks me
what is soul.

So few people really know
it's deep within but it doesn't show.

Soul is something that comes from deep inside
but a soul is something that you can't hide.

What is soul?...

Search your heart, go deep down low,
way down there you'll find your soul.

Come here, girl, you look so cold,
touch my hand and warm your soul.

What is soul?

What is soul?

Hey baby, what's wrong with you?

You don't know but I'm goin' blue.

Don't be so tight, so tight I can't breathe.

Can't you feel it, girl, don't you know what I mean,
this is soul.

What is soul
