Clap your hands, oh clap your hands
Everybody just clap your hands
Clap your hands, oh clap your hands
Have a wonderful time

Celebrate, oh celebrate
Everybody, let's celebrate
Celebrate, oh celebrate
Cause the world is a beautiful place

Nobody knows what the future brings
So don't you worry cause I know one thing
All your friends are right here by your side
Everything is gonna be alright

Clap your hands, oh clap your hands
Everybody just clap your hands
Clap your hands, oh clap your hands
Have a wonderful time

Celebrate, oh celebrate
Everybody, let's celebrate
Celebrate, oh celebrate
Cause the world is a beautiful place
Tomorrow you can get deep on me
Teach me all about philosophy
I won't mind to listen all day long
But for now I only want to say

Clap your hands, oh clap your hands
Everybody just clap your hands
Clap your hands, oh clap your hands
Have a wonderful time

Celebrate, oh celebrate
Everybody, let's celebrate
Celebrate, oh celebrate
Cause the world is a beautiful place

Clap your hands
Celebrate

Oh, cause the world is a beautiful place

Clap your hands, oh clap your hands
Everybody just clap your hands
Clap your hands, oh clap your hands
Have a wonderful time

Celebrate, oh celebrate
Everybody, let's celebrate
Celebrate, oh celebrate
Cause the world is a beautiful pla
Clap your hands, oh clap your hands
Everybody just clap your hands
Clap your hands, oh clap your hands
Have a wonderful time

Celebrate, oh celebrate
Everybody, let's celebrate
Celebrate, oh celebrate
Cause the world is a beautiful place

Clap your hands, oh clap your hands
Everybody just clap your hands
Clap your hands, oh clap your hands
Have a wonderful time

Celebrate, oh celebrate
Everybody, let's celebrate
Celebrate, oh celebrate
Cause the world is a beautiful place
Cause the world is a beautiful place
Cause the world is a beautiful place
