Time for me to say good-bye before the years go by
and by.

Chance is gonna make me cry but I wanna have
another try

From Bangkok to Bahia
sayonara.

Sorry girl
well

I just want to ride my train alone.

I just can't go on this way

'cause you don't wanna fade to grey.

I just need a brand-new day

oh baby

let him take this train.

Gotta give up

gotta give up on me

Gotta give up

gotta give up

I want another try.

Cool down your fantasy

your love is not for me.

Gotta give up

gotta give up

gotta give up on me.

Oh baby

don't jinks me

I do have to break free

You gotta give up

gotta give up

you gotta give up

I wanna say good-bye.

I just can't go on this way

'cause you turn me on every day

And I feel you
feel you
feel you
too sexy.
Gotta give up on me

You gotta give up
you gotta cool down
life is a fairy-tail.
Nothing stays the same
cool down

we've got to stop this game
good-bye.

Gotta give up
gotta give up on me

Gotta give up
set me free
gotta give up
I want another try.
Hey you
you got to give up
cool out
set me free

Give up
cool down
set me free

I can't resist
stand by me
give up
give up
say good-bye.

Gotta give up on me

You gotta give up
you gotta cool down

life is a fairy-tail
cool down

Nothing stays the same
good-bye
gotta give up!
