I've been walking all over Kentish Town
trying my best to track you down
192 and 411, 867 5309
Walking all over Camden Town

You got me shaking, scare me to death, when I see
you, I don't know myself
Doctor Doctor give me the news, I got a bad case of
loving you

Every song on the radio is about you and me
How I love my radio
Every song on the radio is about you and me
How I miss my radio

I can feel your energy
Like a star without a sky
without you I'm doing time, Luftballoons I've got 99
Wake up, we can harmonise

I'm Hot Blooded, check it and see, I got a fever of 103
Senses working overtime, I got 1-2-3-4-5

CHORUS
