I gotta take a little time, a little time to think things over  
I better read between the lines, in case I need it when  
I'm older

Now this mountain I must climb, feels like the world  
upon my shoulders

Through the clouds I see love shine, it keeps me warm  
as life grows colder

In my life there's been heartache and pain

I don't know if I can face it again

Can't stop now, I've travelled so far, to change this  
lonely life

I want to know what love is, I want you to show me

I want to feel what love is, I know you can show me

I'm gonna take a little time, a little time to look around  
me

I've got nowhere left to hide, it looks like love has  
finally found me

In my life there's been heartache and pain

I don't know if I can face it again

Can't stop now, I've travelled so far, to change this  
lonely life

I want to know what love is, I want you to show me

I want to feel what love is, I know you can show me

I want to know what love is, I want you to show me

(And I wanna feel) I want to feel what love is

(And I know) I know you can show me

Let's talk about love - I want to know what love is

The love that you feel inside - I want you to show me

And I'm feeling so much love - I want to feel what love  
is

No, you just can't hide - I know you can show me

I want to know what love is (let's talk about love), I know  
you can show me

I wanna feel it too - I want to feel what love is

I wanna feel it too, and I know and I know - I know you  
can show me

Show me love is real, yeah - I want to know what love  
is...

(to fade)
