Too \$hort---Pimp Shit

[Too \$hort talking]

[Too \$hort]

I was born in Mac Mariana A  
I knew I be a real pimp someday  
So I practice my walk  
I studied the game  
I never been accepted but I was still lane  
Somethings never change but my gang  
Have my feeny weeny come to pimp hoes  
I've been truly educated  
Cause I'm so slick  
I met hoes turn tricks  
Players University class 86  
And I'm all on a bitch  
Go acts my first hoe  
I was seventeen me now I'm 34  
I'm still be a pimp till a day I die  
On every street corner  
And every high rise I got best women  
The money the vibe  
And when I talk about the game  
I never lie ask me why  
The little girl make the mama cry  
You wanna know I tell u why nigga

1- It's that pimp shit  
Get that money mine  
Left with the ugle u need  
Let but the dog me baby  
Cause nigga that's pimp shit  
Never but the higher pimp  
Get that money bitch  
Get that money bitch

She got lost in turn out and let the yard h  
I knew she be a real hoe someday  
Or she was teen, she was freaky back then  
Use to let her voice rockin a pen

She like sittin on a growin man's lah  
She was fourteen she let her fuckin from the back  
From some scratch she let him pull at the scar  
And lick on the clit little fine ass  
Beyotch, was a bigger bitch  
Made first pimp rich with that good shit  
But at the age of she is a oh-hoe  
She don't really look that good know more  
But she can met a trick comin in a minute  
Anything u want u can get it  
Anything u pay for she'll ah  
Give some money she'll take ur spine nigga

Repeat 1

He is to get a girl much money  
But he was young for kissing her chain  
He thought it was fun  
I knew he will be a real trick one day  
Let em girls write as buy let em women play  
He was soft and females made me  
When he got no game the only way to met a freak  
Is to pay em and that's way he cure the D  
He want lie? Ask him what he do for bitch  
Spin cash just to get some ass  
We try to marry a hoe but the shit didn't last  
He broke the gon do i hope he never tried  
Is all wife on ass and he still had buy  
That's fucked up but that's the life of a trick  
Be a sucker for bitch and she'll suck your dick  
I know he loves her I don't dare it  
She pulls out his money said I love thigs he bought me
