"Destroying Angel"

i know you know my heads not in this now

nothing you could keep so keep me down

like the stones beneath the water that you walk on to be
taller

the hands you stuck together cause you prayed you'd
wait forever

just another fragile angel heart

falling down on lead wings torn apart

and the words beneath my skin

the ink that you put in

destroying all the things you left around

cause your earthbound coming down

so what you have the nerve to call a friend

is starved of all the sense to make amends

cause i'm the glass you break to touch but you never
want me much

like the view across the water from your shoes and two
feet smaller

i know it doesn't pay to be this hurt

falling off the morning getting worse

and the words beneath my skin

the ink that you put in

destroying all the things you've left around

cause i'm earthbound coming down

come down

come down

come around...

cause i'm down
