we're always too always in doubt
works on me
she's nowhere she mainlines helps me out
now i can speak
was heard not seen wasted nothings free
was black was bruised fucked up twenty two
i'm amazed you eat you sleep you function at all
'cos my aims so weak i'd fail to get into my arm
was made the first to laugh
tried but the tribute short changed kidney
flowers and silence
was made the first to laugh
charmed but the weather broke me sober
i've never been colder
seen braver seemed braver since then
but never been
no favours no saviours no sense
it's not in me
so nothing's free ghostdrunk out of reach
so action this cared less never missed
and you preach you teach did i 'learn you' nothing at all

i'm too dumb to see but you stooped for someone this
small

you'll always be closing me down denied me remind
me i'm sold out

just skin and teeth

left black and bruised fucked up nothing new

was heard not seen wasted so nothing's free
