Hey hey, alright now, No no, No no no
Hey hey, alright now, No no, No no no

When I see you it seems like you wanna get with me

You act like you have feelings for me,
But in the end you're all phony
I guess friends is what we are I guess it's what we're
gonna be
It's something that i've gotta deal with even if I'm not
ready.

Then you do it again,
Make me think that I've got a chance and then
Then you ruin my plans
Ask you out and you say No again.

Every day you smile my way and come over to talk to
me
Then you bat your eyes at me,

My God you're such a tease
I see you at the movies you're there with some other
guy
I will never understand, and never, I never will know
why

Then you do it again,
Make me think that I've got a chance and then

Then you ruin my plans
Ask you out and you say No again.

Hey hey, alright now, No no, No no no
Don't say no, Don't say no, Don't say no

Then you do it again,
Make me think that I've got a chance and then

Then you ruin my plans
Ask you out and you say No again.

You say no!
