I'm bone-ified, socilitified, and qualified to do
Anything your heart can stand, it all depends on you
I'll turn your world upside-down
I'll blow your mind to pieces
You'll recommend me to your motha,
Your sista, your aunts, and your nieces
Listed in the yellow pages
All around the world
30 years experience
And loving sweet young girls, just call
Good love six-nine nine six-nine
Good love six-nine nine six-nine
Good love six-nine nine six-nine
It lay how good I make baby
Is how I make it good
I'm the king of the woman's world
They tell it from town to town
And when I find that deserving queen
I'm gonna share my crown
But if the line is busy
Don't freak out or get nervous
Just keep on dialing again and again
Until you get some service, call
Good love six-nine nine six-nine
Good love six-nine nine six-nine
Good love six-nine nine six-nine
I'll send your temperature higher
Just like a ball of fire
Now listen to me baby just let your finger do the
walking'
Let Chef do the talking' and the loving'
You see I'm a backdoor man and I do the things your
man fails to do
I don't know but I've been told by a, a player hater
That my bedroom is a disguised for a freak incubator
So if you see a fine young woman, that can't be
satisfied
Send her over to my stable
I'm a horny junction that loves to ride, so call
Good love six-nine nine six-nine
Good love six-nine nine six-nine

Good love six-nine nine six-nine
It lay how good I make baby
Is how I make it good
Good love six-nine nine six-nine
Call me anytime,
Good love six-nine nine six-nine
Right now would be fine, call my number
Good love six-nine nine six-nine
Call on me
Good love six-nine nine six-nine
Love gravy train, I ride ya on into glory
Good love six-nine nine six-nine
Let's get it on
Good love six-nine nine six-nine
Let's get it on
