Shelter me when I am coming home,  
cause there is so much on my mind.  
Sometimes i'm getting sick of being in  
between the evil and divine.  
And if I fall asleep then wake me up  
unless my dreams are gone away,  
and even if I say i'm feeling lost today  
it doesn't mean I've lost my way.

I follow my heart,  
I'm tearing apart  
I keep on pretending  
that it's right  
I shelter my way  
I want you to say  
please keep on pretending  
that it's right

I'm sorry for the things I left undone  
I need a room for something new  
now I can hardly wait to let somebody in  
and after all I hope it's you

I follow my heart,  
I'm tearing apart  
I keep on pretending  
that it's right  
I shelter my way  
I want you to say  
please keep on pretending  
that it's right

Now erveryone has gotta be somewhere  
now everyone has gotta be there  
now erveryone has gotta be somewhere  
now everyone has gotta be there
