i'm feeling very moes like  
you think that i could lead you?  
or humble, more like david  
would you help me cause i need you?  
or i'll be charasmatic  
with the power to persuade you  
supposing i'm a savior  
or a drunkard, or your highness  
you slither in these sheets  
and then you ask me for forgiveness  
i'll tell you parables of making love  
and spreading kindness  
flames rise like butterflies  
been frightened by my stompin'  
i'm laughing' cause they don't know who i am  
the philistines toss tangerines  
'cause springtime is for dancing  
in like a lion and out like a lamb  
golaith sits and watches  
tired of this investigation  
so children grab your M-16s

and load you amunition  
i will work all night  
rewrite the book of revelations  
flames rise like butterflies  
been frightened by my stompin'  
i'm laughing' cause they don't know who i am  
the philistines toss tangerines  
'cause springtime is for dancing  
now go and tune your guitars  
and i'll meet you here tomorrow  
grab that case of scotch  
it's all the courage you can swallow  
i'll burn for your sins  
but i'm expecting you to follow  
flames rise like butterflies  
been frightened by my stompin'  
i'm laughing' cause they don't know who i am  
the philistines toss tangerines  
'cause springtime is for dancing
