

My Girl Friday "Hotel Room Queen"

Visit "[Hotel Room Queen](#)" on MotoLyrics.com

She's wakin' up from last night
And we're both drunk
Check out time- to wash the wine out of the coffee cups
And she says, "you know I'm never this way, but I liked it"
Yeah, she liked it

She's singin' songs in the hotel shower
I step in, it gets a little bit louder
And she says, "you know I'm never this way, but I liked it"
Yeah, she liked it

She's smokin' like nicotine
But I'm still clean
Hot like a fever to me
In a cold sweat dream
I'll be your late night king
You'll be my hotel room queen
Yeah, my hotel room queen

I'm wakin' up from last night and what the ...
One night and now she's fallin' in love
And I said, "you know I'm never this way, but I like it"
Yeah, I like it

Oh, oh, oh, we spent some nights together
Oh, oh, oh, we'll lay like this forever
Oh, oh, oh, I wanna spend some nights together
'Cause it seems to me, that this bed was made for a queen
