You came into my bedroom window,
You shook me all night long
The music made between my bedsheets,
Well that's her favorite song

And you, you've got me comin' back for more, you do
And you, you've got me feelin' like a drug, it's true

I don't wanna wait to fall in love with you
I don't wanna wait because you feel it too
I don't wanna wait, it's true,
It's the little things you do
That make me fall in love with you

And now you're leving through my bedroom window
You left your clothes on the floor (left your clothes on
the floor)
The scent of you still in my bedsheets, I left my heart at
the door

And you, you've got me comin' back for more, you do
And you, you've got me feelin' like a drug, it's true

I don't wanna wait to fall in love with you
I don't wanna wait because you feel it too
I don't wanna wait, it's true,
It's the little things you do
That make me fall in love with you

When you're gone I always wanna miss you,
When you're gone I don't know what to do
And when you're gone i always wanna miss you
I hope you feel the same way too
'Cause I don't wanna waste a summer with a broken
heart,
I wanna waste a summer with you
'Cause I don't wanna waste a winter thinking it's over,
I wanna waste a winter with you

You came into my bedroom window
You shook me all night long

The music made between my bedsheets,
Well that's her favorite song

I don't wanna wait to fall in love with you
I don't wanna wait because you feel it too
I don't wanna wait, it's true,
It's the little things you do
That make me fall in love with you
I don't wanna wait to fall in love with you
I don't wanna wait because you feel it too
I don't wanna wait, it's true,
It's the little things you do
(Yeah yeah)
Make me fall in love with you
