She comes from a midwest town
Bar lights when the sun goes down
Church bells when the morning comes
Choir sings she never prays
When she dies its all okay
Cause happiness is getting away

She wears blue jeans and white tank tops
Old band shirt she'll take it off
Soon as the band starts to play
Jack and coke Bacardi rum
She'll fall in love but just for fun
'Cause those three words she'll never say

But I fell in love today..

And I don't know her last name
I don't know anything
She don't know I wrote this song about her
And I don't know where she's from
I don't know what she's done
I don't know how I could live without her
And I don't want to live without her
So give me that girl

I come from a desert town
I've done my best to get around
And fall in love when the sun goes down
She's my country music queen
Pulled right from a southern dream
Like cowboy Casanova on the movie screen

But she fell in love with me...

She comes from a midwest town
Bar lights when the sun goes down
Church bells when the morning comes
Choir sings she never prays
When she dies its all okay
Cause happiness is getting away

She wears blue jeans and white tank tops
Old band shirt she'll take it off
Soon as the band starts to play
Jack and coke Bacardi rum
She'll fall in love but just for fun
'Cause those three words she'll never say

But I fell in love today..

And I don't know her last name
I don't know anything
She don't know I wrote this song about her
And I don't know where she's from
I don't know what she's done
I don't know how I could live without her
And I don't want to live without her
So give me that girl

Woah oh oh oh oh oh oh x2

I'm writing down my wedding vows
In the palm of her hand

Woah oh oh oh oh oh oh x2

We're makin' love I'm makin' plans

I don't know her last name
I don't know anything
She don't know I wrote this song about her
And I don't know where she's from
I don't know what she's done
I don't know how I could live without her

I don't know her last name
I don't know anything
She don't know I wrote this song about her
And I don't know where she's from
I don't know what she's done
I don't know how I could live without her
And I don't want to live without her
So give me that girl
