She writes me love songs,
There's one for every day
She knows the right words,
exactly what to say
I'm not her top pick
Oh, she makes me so sick
It's not okay to be in love like this
but I'm okay to be in love like this
Yeah, I'm okay to be in love like this

She hates to love me
And loves to hate me
I've got her runnin'
through my mind all day
she hates to love me
and loves to hate me
I dont know what to say,
I love her any way

She takes her hair down
Let's keep our voices low
We can't make a sound
because they'll never know
That you'll always love me
and that's the way it goes
It's not okay to be in love like this
but I'm okay to be in love like this

She hates to love me
And loves to hate me
I've got her runnin'
through my mind all day
she hates to love me
and loves to hate me
I dont know what to say,
I love her any way
I love her any way

We're moving closer and
You're starting to feel the rush
I can give you everything you

ever wanted from love
You're tellin' me that you just can't get enough of my
touch,
and I can tell,
I can tell your feelin' me now

She hates to love me
And loves to hate me
I've got her runnin'
through my mind all day
she hates to love me
and loves to hate me
I dont know what to say,
I love her any way

She hates to love me
And loves to hate me
I've got her runnin'
through my mind all day
she hates to love me
and loves to hate me
I dont know what to say,
I love her any way
I love her any way, any way.

I don't know what to say,
I love her any way
