Hey yeah!
Woohoow yeaah

I don't wanna know
what you've been into lately
I am not gonna show
I don't care if you will hate me
can go on like you used to do
cuz everything's coming back to you
I'll be strong
I'll be stroooooong

Come into the night with me
wherever I'll go you will follow
take a step and fight for me
wherever I'll go
I can make it alone
no I ain't coming home
I'll be a guarding star
that always shines for you

hey yeeah

Got to show them all
I am telling everybody
I will break that wall
you just never really got me
I get by, I will survive
emotions like this, yeah I feel alive
moving ooon
moving oooooon

chorus:
Come into the night with me
wherever I'll go you will follow
take a step and fight for me
wherever I'll go
I can make it alone
no I ain't coming home
I'll be a guarding star

that always shines for you

Wherever I go
you will follow
cuz you never really got me
wherever I go
I stay aaaalive
you go on like you used to do
cuz everything's coming back to you
I'll be strong
I'll be stroooooong

chorus x2:

Come into the night with me
wherever I'll go you will follow
(you will folloooow)
take a step and fight for me
wherever I'll go

hey yeaah

Come into the night with me
wherever I'll go you will follow
take a step and fight for me
wherever I'll go
I can make it alone
No I ain't coming home
I'll be a guarding star
that always shines for you
(no I ain't coming home)
I'll be a guarding star
that always shines for you
