"My Destiny"

Life is coming clear
Everytime you're near me
Wishing you were here by my side
I will wait for you tonight

Trying to divine
Knowing you were mine now
Heaven knows oh how I am lost in you
This was meant to be

My destiny
Has been touched by your heart
My destiny
Never tear us apart
Love is a mirror that shines through your eyes
I've finally realized
My destiny

Sorrow in my face
Then you would embrace me
There were times I chased every dream
I've been running far to see

My destiny
Has been touched by your heart
My destiny
Never tear us apart
Love is a mirror that shines through your eyes
I've finally realized
My destiny

How I trust in you
Like you trust in me
I know that we're meant to be

My destiny
Has been touched by your heart
My destiny
Never tear us apart
Love is a mirror that shines through your eyes
I've finally realized

My destiny
Has been touched by your heart
My destiny
Never tear us apart
Love is a mirror that shines through your eyes
I've finally realized
My destiny
