(Ohhhh! Ohhhh! Yeah, yeah.
Ohhhh! Ohhhh! Yeah, yeah.)

Word is out, gets around
There's a rumble from the sky to the ground!
You were lost, now you're found
All the voices make a beautiful sound!

So come on, everybody!
We are gonna lose it
I know you like to tag along
So come on, everybody!
Listen to the music
I know it's gonna turn you on!

Oh we're gonna rock down to
Electric Avenue!
And then we'll take it higher! (Higher!)
Oh we're gonna rock down to
Electric Avenue!
And then we'll take it higher! (Higher!)

It's alright to be wrong
But it ain't okay to pass it along
It's a fight, to be strong
But you're standing and your singing the song!

So come on, everybody!
We are gonna lose it
I know you like to tag along!
So come on, everybody!
Listen to the music
I know it's gonna turn you on!

Oh! We're gonna rock down to
Electric Avenue!
And then we'll take it higher! (Higher!)
Oh! We're gonna rock down to
Electric Avenue!
And then we'll take it higher! (Higher!)

Oh oh we're gonna rock down to
Electric Avenue!
And then we'll take it higher! (Higher!)
Oh we're gonna rock down to
Electric Avenue!
And then we take it higher!

(Ohhhh! Ohhhh yeah yeah!
Ohhhhh! Ohhhh yeah yeah)

Oh oh we're gonna rock down to
Electric Avenue!
And then we'll take it higher! (Higher!)
Oh we're gonna rock down to
Electric Avenue!
And then we take it higher!

Oh no! We're gonna rock down to
(Word is out, gets around
There's a rumble from the sky to the ground!
All around, the voices make a beautiful sound!)
Electric Avenue!
And then we'll take it higher! (Higher!)
Oh we're gonna rock down to
Electric Avenue!
And then we take it higher!
