I cannot tell you what I'm feeling
Cause you don't care about it anyway
I cannot tell you what I've been doing
Cause We don't speak that much anymore
We don't talk to eachother at all
and now my kindness has gone sore

Hold on to your heart now
Hold on to your soul
Hold on to your heart now
Hold on to your soul
Don't let it bring you down
And lead you cold
Hold on to your heart now
Hold on to your soul

But you've been going for so long
You think that everything is gone
Deep inside you feel that's nothing left
For you to come back again
For you to ever come back again

Cause I see living with the demons
and they like the night just like you
And they are coming for you for a reason
And there's no reason I should be like you

Hold on to your heart now
Hold on to your soul
Hold on to your heart now
Hold on to your soul
Don't let it bring you down
and lead you cold
Hold on to your heart now
Hold on to your soul

Hold on to your heart now
Hold on to your soul
Hold on to your heart now
Hold on to your soul
Don't let it bring you down

I lead you cold
Hold on to your heart now
Hold on to your soul
