Like tears of blood that roll off your hands  
As if you were crying blood  
As if the whole world was bleeding  
And every person was covered in blood  
Like if every being was torn from above  
And the wounds bleed deeply, furiously, and unending  
Like the blank stare of a billion bleeding souls  
Like the wretched air that burns you like hot coals  
Like your soul covered with dirt and mud  
Like the entire world is covered in your blood

Something dreadful, something painful  
Something evil, something ugly  
Something wicked, something wretched  
Something horrid, something morbid

Like the sting in your eyes, like the frozen skies  
Like when your eyes pop out of your head  
Like your fingers fall off dead  
Like when your back is skinned  
Like when the real pain begins, begins, begins

Something dreadful, something evil  
Something wicked, something horrid  
Something hurting  
Something bleeding  
Something bleeding  
Something bleeding  
Something bleeding

Blood, Blood, Blood
